

THE ACCELERATED PHASE OUT OF R-22 IS UNDERWAY

R-22 PRICING IS AT AN ALL TIME HIGH AND QUANTITIES ARE LIMITED.

But the good news is, ICOR has a...

PLAN **B**

Scores of technicians have been successfully using NU-22B for several years now, and here are a few reasons why:

- Ozone Safe - Long Term Replacement
- Non-Toxic / Non-Flammable
- User Friendly Conversion
- Works With All Oils
- A/C and Refrigeration Applications
- R-22 Pressures - Easy on System
- Field Proven - Largest User Base
- Available- Largest Distribution Network
- Affordable - More Value than all Competitive Products

REDUCED PRICING FOR A LIMITED TIME ONLY = \$249.95

Get **FREE** Online Training through ICOR's Virtual Training Center with a video demonstration of the conversion procedures:
